Inteset to receive Product of the Year award at CEDIA 2005

Hanover, MA – September 3, 2005 - Inteset, creators of advanced home entertainment systems, is poised to receive a 2005 Product of the Year award in the media server category from Electronic House Magazine. “We would like to honor Inteset and its contribution to the electronic house industry, as well as to the consumer audience” wrote Cindy Davis, Editor-in-chief of Electronic House Magazine. The award will be presented during the CEDIA show in Indianapolis, on September 10, 2005. “We owe many thanks the folks at Electronic House for recognizing Inteset as being on the forefront of this emerging technology” says David Hirsh, Vice President of Business Development. “Due to the rapid growth of consumers’ use of digital media, we realize that receiving this award in such a highly competitive arena is truly an honor” adds Hirsh.

About Inteset, LLC

Inteset, LLC, headquartered in Hanover, Massachusetts, offers high-quality home entertainment convergence systems. Since its inception in 2003, Inteset has focused on creating robust products that combine home entertainment components into one unit removing clutter and simplifying the user experience. Inteset systems appeal to A/V dealers and integrators for reliability, ease-of-use, unique entertainment modules and services, price point, and interoperability with advanced control systems. With Inteset’s foresight and ingenuity, it is quickly becoming a leader in the new age of audio and video digital home entertainment equipment.
