

## TeraRAID XV-NAS Network Attached A/V Storage System

It's the world's first super high-capacity, super quiet, 15 bay, network attached storage server (NAS) designed exclusively for the A/V market! The TeraRAID XV-NAS<sup>™</sup> has the power and storage capacity of an enterprise storage system, yet it easily fits into an A/V rack and has the elegance and silent operation of your other high-end audio and video components.

- ▶ Up to 15 Terabytes of Media Library storage (13TB effective)
- ▶ 15 bay, RAID 6, hot swappable drives
- ▶ Only 18 inches deep
- ▶ Designed to support multiple, simultaneous, high definition video streams
- ▶ Works seamlessly with Inteset media servers and advanced extenders
- ▶ Extremely quiet operation
- ▶ Media Library replication across homes
- ▶ Remote Media Library access (HTTP and FTP)
- ▶ Dynamically increase storage
- ▶ Built-in backup capabilities
- ▶ Inteset Heartbeat Monitoring Service option
